

Staunton Leaf Collection Schedule 2014-15

The City is divided into seven (7) leaf collection areas. Trucks will visit each area twice. Residents are asked to rake leaves to the curb or street right-of-way, and keep them away from gutters and storm drains. Rocks, sticks, brush and other objects must be kept out of leaf piles as they can cause damage to the equipment and delay collection. No "mixed" piles will be collected. We are unable to provide individual street schedules. There will be no collection services November 27 - 28, December 24 - 26, December 31, and January 1.
